

## **Lectures 2009**

### **Hearing Loss: A Look at the Physical, Emotional and Social Impact and What You Can Do About It**

**April 15, 2009, 7 - 8:30 p.m.**

*Sharon Goodson, CCC-A, Au.D., PAMF Audiology*

Hearing loss is a serious and often under-treated problem. Join us to hear about the physical causes of hearing loss, the emotional and social effects of untreated hearing loss, and treatment options including hearing aids and assistive listening devices, as well as medically treatable types of hearing loss and appropriate medical referrals and management.

### **Heartburn and Reflux: When is it Dangerous?**

**May 20, 2009, 7 - 8:30 p.m.**

*Khae V. Saepanh, D.O., PAMF Family Medicine*

Nearly everyone will experience mild heartburn at some point, but persistent symptoms can point to something more serious. Join us to learn more about heartburn and gastroesophageal Reflux Disease (GERD), risk factors, diagnosis, and treatment.

### **Chronic Kidney Disease: Staying One Step Ahead**

**June 17, 2009, 7 - 8:30 p.m.**

*Toby Gottheiner, M.D., PAMF Nephrology*

Join us to learn about the importance of screening for kidney disease in high-risk patients, measures to slow or prevent progression and complications, and treatment of advanced kidney disease.
