

CAPS Receives 2014 City Cultural Diversity Award!

We're pleased to announce that the Community Ambassador Program for Seniors was awarded 1st place in the National League of Cities' **2014 City Cultural Diversity Awards Program** held in Washington DC on March 10.

The awards were given to honor cities that encourage citizen involvement and develop creative and effective programs designed to improve and promote cultural diversity through a collaborative process with city officials, community leaders and residents. Congrats to all the CAPS Ambassadors for their passion and dedication to serving older adults!
